

# Kristina Panos

Highly organized, detail-oriented, and dependable

## EXPERIENCE

### **Hackaday.com** — *Writer and Editor*

December 2013 - Present

- ❑ I write daily blog posts that spotlight amateur electronic and engineering projects from around the globe
- ❑ I also craft engaging, original content articles that focus on aspects of technology and engineering
- ❑ I have edited the work of others prior to publication

### **TNS, Inc., Overland Park, KS** — *Engineer, Network Design*

December 1998 - October 2017

- ❑ Worked directly with customers from quote to install
- ❑ Created training documentation for multiple teams
- ❑ Performed office manager duties concurrently

## EDUCATION

### **JCCC, Overland Park, KS** — *AA, General Studies*

January 2014 - May 2017

Studied many subjects including web design, advertising, creative writing, Java and UNIX programming, and library research

### **Electronics Institute, Kansas City, MO** — *AAS, Electronics Technology*

May 1997 - December 1998

Studied analog and digital electronics, radio frequency and wave propagation, and microcomputer programming in a lab environment
